

OPM CoP Gateway Content Development Workshop  
Alexandria, VA  
8 - 10 August 2006

**Attendees:**

Greg Pope, NWD  
Mark Stark, SPD  
Tony Bivens, LRD  
Kathy Carlson, SWD  
Bonnie Bryson, CEERD  
Ginny Dickerson, CEERD

Since this workshop was held concurrent to the OPM Prospect course, when they were not instructing or otherwise involved with that course the following individuals attended part of the Content Development Workshop:

Mike Miller (retired)  
Stuart Cook, NWD  
Tom Fleeger, SWD  
Dwight Beall, NAD  
Bobby Chapman (retired)  
Steve Austin, CECW-ON  
Scott Jackson, CEERD (temporarily assigned to CECW-ON)  
Eugene Goff, NWD (temporarily assigned to CECW-ON)

**Summary:**

The workshop began with introductions, an overview of the OPM CoP page development to date, and discussion of the overall workshop goals by Bonnie Bryson. Greg Pope then presented the status of the OPM CoP in relation to the Gateway pages. The group agreed that the basic framework and philosophy for the OPM site developed in 2005 was still viable, and proceeded to review and update the site. Changes were posted by the end of the workshop. A significant update was the addition of a “Make this my homepage” feature on the OPM opening page.

Since this workshop was held concurrent to the OPM Prospect course, Greg, Mark, Tony, and Kathy participated in the course’s panel discussion.

**Action Items:**

OPM Smartbook development – Ginny will use OMBIL data to create the initial version  
Post the 1994 SOS memo – Mark will provide hard-copy for scanning  
Review OPM Groove site for items that should be posted - Kathy will review  
Clarify status of some historical issues – Greg  
Content for acquisitions page – Tony  
Prepare workshop summary and more detailed do-outs list - Bonnie
